FOR IMMEDIATE RELEASE

Society Insurance Contributes Over $148,000 to Charitable Causes

Community support includes monetary grants, volunteer work and donation drives

FOND DU LAC, Wis. (March 2, 2026) — Society and its employees contributed over $148,000 to more than 80 causes within its nine-state operating territory in 2025, demonstrating a strong commitment to supporting communities across the company's service area.

Among the many organizations and programs supported by Society's donations are the Children's Hospital of Colorado, Sheltering Wings in Indiana and Southern Smoke Foundation in Texas, as well as local organizations in the Fond du Lac area, including Big Brothers Big Sisters, the Boys & Girls Club and the YMCA.

"Charitable giving is an essential part of how we live our values," said Heather Boyer, president & CEO of Society Insurance. "We're proud to invest in organizations that create lasting impact today and help build stronger communities for the future."

As a leading insurer for restaurants and bars, Society supported nonprofit organizations addressing food insecurity in the communities it serves, including the Fondy Food Pantry, Father Carr's Place 2B and Feeding America Eastern Wisconsin.

In addition to financial contributions, Society Insurance employees volunteered more than 460 hours with organizations such as United Way, Fond du Lac Literacy Services and EmpowHER. The company also hosted a Lunch and Learn session with Big Brothers Big Sisters to support its mentoring program and identify new opportunities for involvement.

Employees further demonstrated their commitment through several donation drives, including Hygiene for the Homeless, a food drive benefiting the Fondy Food Pantry, a Back-to-School Supply Drive, Coats for Kids, Toys for Tots, Letters to the Troops and an Adopt-a-Family initiative.

To expand its community impact, Society Insurance supported multiple charitable organizations through its agency and employee matching programs. These initiatives allow Society to provide matching grants to charities selected by independent insurance agencies and employees. Last year, Society matched more than $17,000 in charitable contributions through these programs.
